

## Announcement from the State Audit Office

### Mission Statement

The State Audit Office is fully committed to operating within the legal framework; monitoring and ensuring that our officials are maintaining integrity, accountability and transparency; operating with the highest standards of ethics; following the principles of good governance with the national interest at the core of the Office's operations. As such, the public can be certain that the work of the Auditor General will be the principle driver of improvements in state financial management and discipline, reductions in government misspending and the eradication of corruption. Taxpayers can thus be assured that state funds will be used only for the benefit of the country and its people, and it is the honour and pleasure of the State Audit Office to meet this goal.

This mission statement is announced with effect from

(Mr. Prajuck Boonyoung)

Auditor General
